Re: Appeal against the decision by the Minister for Agriculture, Food and the Marine to grant an Aquaculture Licence to Bantry Marine Research Station Ltd to cultivate various aquatic plants using longlines on the sub-tidal foreshore on site ref T05/640A adjacent to Dooneen Pier, along the north shore of Dunmanus Bay, Co. Cork

Dear Minister,

I refer to the above Appeal which was received in this Office on 16 December 2022.

Section 56(2)(a) of the Fisheries (Amendment) Act 1997 requires that the Board endeavour to determine an Appeal within a period of four months beginning on the date of receipt by the Board of the Notice of Appeal.

The Aquaculture Licences Appeals Board reviewed this timescale at its meeting on 6 April 2023 and has formed the view that it will not be in position to determine this Appeal within that timeframe to allow time to assess the grounds of the Appeal and consider all additional observations received.

Having done so, the Board hereby gives notice, as provided for in Section 56(3) of the Act, of its intention to determine the Appeal by 31 December 2023.

This notice is being copied to all parties to the Appeals.

Yours sincerely

Margaret Carton
Secretary to the Board
