**Re: Appeal against the decision by the Minister for Agriculture, Food and the Marine to grant an Aquaculture Licence to Joseph Coll to cultivate Pacific Oysters using bags and trestles on the intertidal foreshore on site ref T12/407B in Ballyness Bay, Co. Donegal**

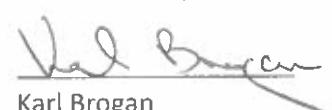

Dear Minister,

I refer to my letter of 03 July 2025 in which the Board indicated it anticipated this appeal would be determined by 28 February 2026.

The Aquaculture Licences Appeals Board again reviewed this timescale for the determination of this appeal at its meeting on 29 January 2026 and has formed the view it will not be in a position to determine this appeal within that timeframe due to the complexity of the appeal; the number of parties and sites to consider; the requirement of having to go to a public consultation and the expected amount of time that the ALAB Technical Advisor and Board will require in assessing the appeal.

In light of this, the Board hereby gives notice, as provided for in Section 56(3) of the Act of its intention to determine the appeals by 29 January 2027.

Yours sincerely

Karl Brogan  
Secretary to the Board

CC Brian Batt, Aquaculture & Foreshore Management Division.
