Re: Appeal against the decision by the Minister for Agriculture, Food and the Marine to grant a variation Aquaculture Licence to Edward and Paul O'Brien for authorisation to cultivate clams on wooden trays under mesh on the inter-tidal/sub-tidal foreshore on site ref T12/409A in Ballyness Bay, Co. Donegal

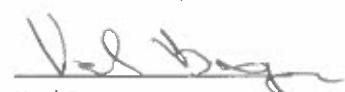

Dear Minister,

I refer to my letter of 03 July 2025 in which the Board indicated it anticipated these appeals would be determined by 28 February 2026.

The Aquaculture Licences Appeals Board again reviewed this timescale for the determination of these appeals at its meeting on 29 January 2026 and has formed the view it will not be in a position to determine these appeals within that timeframe due to the complexity of the appeals; the number of parties and sites to consider; the requirement of having to go to a public consultation and the expected amount of time that the ALAB Technical Advisor and Board will require in assessing the appeals.

In light of this, the Board hereby gives notice, as provided for in Section 56(3) of the Act of its intention to determine these appeals by 29 January 2027.

Yours sincerely

Karl Brogan
Secretary to the Board

CC Brian Batt, Aquaculture & Foreshore Management Division.
