I was born in Cromane and still live here and have been a Fisherman all my life, fishing Salmon and Mussels.

I have already been refused a Mussel Dredging Permit by our local Co Operative Committee together with the Department of the Marine and again now have been refused an Aquaculture Licence.

The size of the site I have applied for is 1.98 ha in a secluded area and is considerably smaller and is the only application I have submitted compared to some of the other applications submitted recently for multiple sites.

This is a great opportunity for developing a small sustainable business in a rural community. With a good product that is in demand.

As said before I am local and am very proud of where I come from and will do my utmost to ensure my plot is well looked after and maintained to the highest standard

I have spoken with my local TD's who are fully behind this application.
